

KEEP IT BEFORE THE PEOPLE.

That the present contest for the Presidency is emphatically between old and new tried Democrats on the one hand, and ignorant and impudent Federalists on the other, the striving for the "greatest good" of the greatest number, the other contending for charted privileges for the FEW at the expense of the MANY.

KEEP IT BEFORE THE PEOPLE, that Harrison is clearly and unequivocally, as Andrew Jackson expresses himself in his letter, "the representative of Federal principles," and that if by any possibility he can succeed in the Presidency, we will have the monarchical and TORY doctrines of old John Adams and Alexander Hamilton REVIVED in the administration of the General Government.

KEEP IT BEFORE THE PEOPLE, that Harrison, according to his own acknowledgment, was an open and avowed SUPPORTER of the ALIEN and SEDITION laws, passed by the Federal party during the memorable REIGN OF TERROR, and that he entertained the strong SYMPATHY for the Administration, which passed and approved those laws and put them into practical force and operation.

KEEP IT BEFORE THE PEOPLE, that Harrison WORE THE BLACK COCKADE in 1800, the distinctive badge of Federalism, and that in support of the Sedition Law, he was heard to say: "That it was proper for Congress, the President and heads of Department, to have a SHIELD thrown around them, that should not be in the mouth of every BLACKGUARD that walked the street;" thereby meaning they should have their lips SEALED and GAGGED, as his own are at the present day.

KEEP IT BEFORE THE PEOPLE, that Harrison for a number of years was one of old John Adams' OFFICE HOLDERS, and must of course have justified the measure of that Administration in sending ARMED SOLDIERS among the people, to prevent them from erecting LIBERTY POLES, and to CUT DOWN those that had already erected.

KEEP IT BEFORE THE PEOPLE that Harrison voted in the Senate of Ohio in favor of a law, selling free WHITE men into SLAVERY for DEBT, under which a REVOLUTIONARY SOLDIER could be SOLD into the service of a FREE NEGRO, and laid into captivity by his noble MASTERS! But for the exertions of ex-Governor Lucas and other distinguished Democrats, Harrison would have succeeded in introducing this revolting law into the free Government of Ohio.

KEEP IT BEFORE THE PEOPLE, that in the State of Indiana, (where there was no Lucas to protest in solemn terms against its passage,) Harrison actually APPROVED and SIGNED such an iniquitous law, to which was appended the penalty of THIRTY-NINE LASHES, if the white slave he be male or FEMALE, sought liberty in escape and was apprehended—a law, which we venture to assert is without a parallel in the darkest and most barbarous ages of antiquity, and the cruelty of which would cause the heart of even a South Sea Islander to bleed in misery.

KEEP IT BEFORE THE PEOPLE, that by this law placed the LIBERTY of the POOR man and the MONEY of the RICH man on an equality! The man who was fortunate enough to have MONEY could pay his fine and BE FREE, but the man who had not money paid necessarily FORFEIT HIS LIBERTY, and stoned for his misfortune in CHAINS AND DUNGEONS! Here is the prime essence of aristocracy! Laborers and mechanics reflect upon it, when the HYPOCRITICAL SCRUB NOILITY would leign present Gen. Harrison as your friend!

KEEP IT BEFORE THE PEOPLE, that Harrison, as Governor of Indiana, also APPROVED and SIGNED a law imposing a PROPERTY QUALIFICATION upon voters to entitle them to the right of suffrage!! The man who owned a FREEHOLD OF FIFTY ACRES of land was allowed to approach the ballot boxes; but he who did not own such freehold was debarred the privilege of voting. Was this manifesting love for the poor man? Heaven defend us from "love" like this!

KEEP IT BEFORE THE PEOPLE, that Harrison RESIGNED his commission during the last war, during the hottest and thickest of the fight, and returned to his home, leaving the fighting to be done by the gallant and intrepid JACKSON, who ended the war in "blaze of glory" at New Orleans.

KEEP IT BEFORE THE PEOPLE, that the Senate of the United States immediately after the war REJECTED to present Harrison with a medal and vote of thanks, although it was proposed to do so and that on motion of Abner Lucek of Pennsylvania, "one of his own party" ("the name of Harrison was STRICKEN FROM the resolution")

KEEP IT BEFORE THE PEOPLE, that the Senate and common council of the city of New York about the same time, or by vote of twelve to five, refused granting Harrison the freedom of the city, although they had previously thus honored Decatur, Perry, &c. The Federalists have been repeatedly CHALLENGED to assign a cause for this refusal, but they DARE not attempt it.

KEEP IT BEFORE THE PEOPLE, that Harrison in 1824 ran on the ADAMS' electoral ticket in Ohio and was defeated; that he ran in 1832 for Congress on the Federal ticket, and was defeated by 663 majority, that in 1831 he ran on the Federal ticket for the lower house of the Legislature, and was defeated, that in 1820 he ran on the Federal ticket for Governor, and received but 4,348 out of nearly 50,000 polled. In his own county he received not a single vote, and that four years ago President VAN BUREN beat him 822 votes in his own constituency! Does this look like being popular at home?

KEEP IT BEFORE THE PEOPLE, that Harrison, by his own written and printed acknowledgement, became a member of an ABOLITION SOCIETY at the age of eighteen! a fact which he procured his friend Judge Gates to certify to, and that he has never renounced his allegiance to the society, but declares he "faithfully performed all its duties."

KEEP IT BEFORE THE PEOPLE, that Harrison was nominated by means of the influence of the Northern Abolitionists, and as proportion to their support, that he is secretly in league with these dangerous fanatics, courting their favor and pronouncing his countenance and support, although he holds another face to the South, and at the same time (James like) endeavors to sustain their support also!

KEEP IT BEFORE THE PEOPLE, that Harrison presents the first, as we trust for the honor of human nature it will be the last, example of an aspirant for the presidential chair STARTING MUTE before his fellow countrymen, whose suffrages he asks, and referring to "make any declaration of his principles to the public eye!" Would Washington, would Jefferson, Madison, Monroe, or the gallant Jackson have done so? Nor would they have SCORNED to conduct so diametrically at war with the genius and spirit of our free institutions.

KEEP IT BEFORE THE PEOPLE, that Harrison has entrenched himself behind an irresponsible Committee of Three, composed of hardened Federalists, who direct his footstep, lead his counsels, dictate his actions, and write his letters, taking care however, not to commit him either for or against any important measure of public policy. Still they ask you to take him as he is for your President, without letting you know whether he has his eyes to see, ears to hear, or tongue to talk! Will you, friends of the United States, will you do it? Are you prepared to carry the Federal "credit system" even to such an extent as this?

KEEP IT BEFORE THE PEOPLE, also that Harrison still HANGS ON to his CLERKSHIP in Hamilton county, and won't resign although his friends tried to believe that his election to the Presidency is certain! Does this look as if he believed their assurance himself?

KEEP IT BEFORE THE PEOPLE, that the Harrison party has thrown all principle or profession of principle in the winds, and now put all their hopes of success in idle mummery and unmeaning paroxysm, such as log cabin and canoes, hard cider and rolling balls, silver pencils and earthen pitchers, gaudy breast pins and brass snuff-boxes containing caravans, tattered seddles and hard cider walking

cases, etc. bandoleers, and log cabin letters, pictures and post cards, for a general final arrangement, and at the other partisans of Federalism, "By those means, reader, they hope to impress you and impose upon your intelligence." Will this then be imposed upon us? No, we are sure you will feel yourself INSULTED by the attempt and will nobly redress yourselves at the "dollar dogger!" Finally we ask you, Democrats, one and all,

KEEP IT BEFORE THE PEOPLE, that Harrison is clearly and unequivocally, as Andrew Jackson expresses himself in his letter, "the representative of the base faction of which Roger, Burrows, Stevens, Pearce, &c. are the leaders. He is the candidate of the men who in the fall of '88 competed to "elect the electors as if it never had been," who, when the Legislature met, attempted to carry this threat into execution by WITH HOLDING the legal election returns from the Legislature, and sending in FALSE returns to SMUGGLE men into their seats, who had been rejected by the people, who FLED from the BACK WIN-DOWS of the Senate Chamber, to avoid the pangs of conscience; and who subsequently called themselves ONE THOUSAND SOLDIERS to their aid, and marched with "BUCKSHOT AND BALLOON" into the Capital of your State, with instructions to SHOOT DOWN as many of the best of all who should raise a tongue against their daring USURPATIONS; who afterwards, on finding that 99 out of every 100 of the military of this State were DEMOCRATS, and would in case of the coming of the worst have turned their BAYONETS upon the USUPERS, and not upon the PEOPLE, called upon the General Government for the UNITED STATES ARMY, to assist them in their TREASON, which was however righteously REFUSED by President Van Buren. Had Gen. Harrison been in the Presidential Chair at that time, think you not that a PROCLAMATION would have been granted, and that a BLOODY CIVIL WAR would have ensued? Fellow countrymen! pause! pause! pause! before you act so mad as a part as to command the destinies of our happy America into the hands of so vile a nation!!!—Magician.

PROSPECTUS OF

"The Old Soldier."

THE unparalleled exertions of the Federal party to again get possession of the reins of Government, call for counter efforts on the part of those who wish the Government administered on the principles of JEFFERSON and JACKSON. Numerous papers have sprung up in different sections of the Union, which now spread abroad the claims of W. H. Harrison, the Federal candidate for the Presidency. The State is heavily flooded with emanations from the Federal press. Inflammatory appeals are made to the public, and all the energies which the barks of Mississippi have left, are now devoted to the object of LEAVING THE PLUNDERING SYSTEM, which JUSTICE, PUBLIC OPINION, and the laws of the land have triumphed over.

Cotton Seed for Sale.

THE undersigned has about 100 bushels of cotton seed, direct from the Table lands of Mexico, from the first growth raised in the United States, which will be glad to dispose of. The cotton raised from these seeds is of a very superior quality. A sample of the cotton may be seen at any time in the Demarest Office. From the experience I have made, I am inclined to believe that it will mature 10 or 15 days earlier than the common cotton. And a quantity of Gossypium seed, from the first or last year's growth. Those wishing to purchase the seed, will please apply at the office of the Demarest or the undersigned.
